**Mr. Emery, I consider you a friend to me
But The Government has made you out to be the enemy
But we no you not,
That's why your called the Prince of Pot
So we protest with this song,
It ain't much but it's all we got**

**And it blows my mind,
that five years of your precious time
Can be striped away from you,
HaHaHaHa
For a victimless crime**

**I can't believe what your telling me
They charged you with a felony
As far as I can see
you were only selling seeds**

**That's why it blows my mind
that five years of your precious time
Can be striped away from you
HaHaHaHa
For a victimless crime**
